

Initial Build Meeting

Topic: OJ Simpson Trial

Creative Director: Anais Becker

Designer/Developer: Abigail Li

- Like the nav bar starting below title screen, then sticking to top – very clean
- Switching to opaque nav bar instead of transparent in order to make sure it is accessible in terms of color contrast for reading
- I like the brown in the color scheme
- Good idea placing defense and prosecution next to each other on screen – good for comparison
- Increase drop shadow for the title wording – hard to read
- Work on spacing, organization
